

Youth Alcohol & Drug Abuse  
Prevention Project

# STAN Plan Final Report

## Instructions

Each year at the YADAPP conference, your team will develop a Strategies To Act Now (STAN) Plan that addresses high school drug and alcohol use in your community. After you leave YADAPP, you are encouraged to share your STAN Plan with your school principal and community leaders to gain their support. Spend the year implementing your STAN Plan and bringing youth- led drug and alcohol prevention programming to your area. Once you have completed your STAN Plan, we want to hear about it! Your STAN Plan Final Reports help us to report data regarding the effectiveness of YADAPP and high school prevention efforts across Virginia. It also helps promote all of your great work! *Please complete your STAN Plan Final Report and submit it to [education@abc.virginia.gov](mailto:education@abc.virginia.gov) by July 1 every year.*

## Wheeler Award

Morris and Billie Wheeler are longtime advocates of YADAPP and have supported prevention efforts over the past 30+ years. In 1981, the Wheelers daughter, Sandy, was killed by a drunk driver. The Wheelers were a part of the initial group of organizers in 1984. In 1986 the Wheeler Award was established in their honor.

The Wheeler Award recognizes the successful implementation of youth-led substance abuse prevention STAN Plans by Virginia high schools and community organizations. All monetary awards are coordinated by Virginia ABC's Education and Prevention Section.

Your STAN Plan Final Report will serve as your application for the Wheeler Award. YADAPP youth staff will judge all STAN Plan Final Reports during the YADAPP conference.
